Delaware County Announces Emergency Rental Assistance Program *Over \$37 million available to residents to assist with rent and utility bills*

Delaware County officially launched the Delaware County Emergency Rental Assistance (DELCO ERA) Grant Program on March 26. The program assists renters who have suffered disruption and loss of income due to the COVID-19 pandemic. Over \$37 million is available to residents to assist with past due rent and an outstanding utility bill.

How the program works:

- DELCO ERA will pay for past due rent, the largest past due utility bill, and up to three months of future eligible housing/utility expenses totaling up to 15 months of assistance. Past due rent can go as far back as April 1, 2020. DELCO ERA does not pay for deposits.
- No more than one application per household.
- Grant funds are paid directly to the landlord/property manager and the utility company.
- Funds will be distributed on a “first-come, first qualified and approved” basis until program funds are depleted.
- Eligible applicants must earn 80% or less of area median income (AMI) for household size. (See below chart.)
- Priority for processing will be given to households earning less than 50% AMI and/or households with at least one person unemployed who has an active claim with the Office of Unemployment Compensation for at least 90 days prior to the date of their full application.

Household income must be no more than 80% of area median income. Priority will be given to households at or below 50% AMI.
